Technical Statement

Scope of use

Caesarstone quartz surfaces are non-porous, waterproof, mould and mildew resistant making them ideal for kitchen splashbacks and bathroom wall linings.

Caesarstone's products are compliant with the International Health and Safety Foundation sanitary standard, ensuring that our working surfaces are safe for use in all food environments.

New Zealand Building Code (NZBC)

The product will, if employed in accordance with the supplier's installation and maintenance requirements, assist with meeting the following provisions of the building code:

- **Clause B2 Durability:** Performance B2.3.1

Evidence

The product meets the requirements set out in the following documents, or relevant parts of cited standards within the documents:

All Caesarstone quartz surfaces come with a comprehensive 10 Year Limited Warranty. On receipt of your warranty registration information, you will be provided with a complimentary Caesarstone cleaning kit.

Supporting Evidence

The product has and can make available the following additional evidence to support the above statements:

Product Criteria

Design requirements

Non-porous, waterproof, mould and mildew resistant, Caesarstone quartz surfaces are ideal for numerous applications such as kitchen benchtops, splashbacks, bathroom wall linings, custom made furniture and more. Large slabs provide a sleek modern aesthetic, minimising joins and therefore maintenance.

All Caesarstone quartz surfaces come with a comprehensive 10 Year Limited Warranty. On receipt of your warranty registration information, you will be provided with a complimentary Caesarstone cleaning kit.

Installation requirements

Caesarstone must be installed by an approved Caesarstone fabricator. Please see [our website](#) for your nearest fabricator.

Company Product Information

Environmental

Minimising our impact on the environment is a top priority. Caesarstone's surfaces comply with ISO 9001, ISO 14001, OHSAS 18001, GREENGUARD and is a registered member of USGBC - The American Green Building Council. All Caesarstone surfaces comply with American GEI (GREENGUARD Environmental Institute) certification which primarily verifies that Caesarstone's products meet the most stringent indoor air emission standards.

Caesarstone's products are compliant with the International Health and Safety Foundation sanitary standard, ensuring that our working surfaces are safe for use in all food environments.
